LANGUAGES

- English
- Hindi

HOBBIES

Photography, Poetry, Movies,
Gaming & Coding

COURSES

Soft Skills and
Personality
Development, NPTEL
Swayam
Aug 2025 - Nov 2025

EDUCATION

B.Tech in Computer Science & Engineering | 2nd Year, Netaji Subhas
University of Technology (NSUT), Delhi, New Delhi, India
2028

- B.Tech CSE 2nd Year student with strong academic performance and a strong interest in programming, problem-solving, and new technologies.

Higher Secondary Education, Kendriya Vidyalaya Gole Market, Delhi
2023

- Completed Senior Secondary Education with a solid grounding in Mathematics and Science, which fostered analytical skills and sparked an interest in Computer Science.

SKILLS

Theory of Automata	Tailwind CSS	JavaScript	React.js	Node.js		
Python	HTML5	GitHub	Netlify	Vercel	DBMS	CSS3
C++	DSA	Git	OS			

PROJECTS

Portfolio

- React.js, Tailwind CSS | Personal dev portfolio with projects & skills, deployed on Netlify. <https://saurabh-creations.netlify.app/>

Automata Lab

- React.js, Tailwind CSS | NFA→DFA visual converter with step-by-step subset construction & DFA minimization. <https://automata-lab.netlify.app/>

CSP Playground

- React.js, JavaScript | Backtracking visualizer for Sudoku, N-Queens, Graph Coloring & Timetable Scheduling. <https://csp-playground.netlify.app/>

Red Blackify

- React.js, Tailwind CSS | Interactive RBT & AVL Tree visualizer with animations, pseudocode & algorithm steps. <https://rbt-visualizer.netlify.app/>

CFG Studio

Designing Blockchain Solutions using Amazon Managed Blockchain, AWS

Nov 2025

Fundamentals of Machine Learning and Artificial Intelligence, AWS

Nov 2025

National Service Scheme (NSS), NSS NSUT

Aug 2025 - Nov 2025

PERSONAL DETAILS

Date of birth

14 Feb 2006

Nationality

Indian

- React.js, Tailwind CSS | Interactive Context-Free Grammar tool — design grammars, visualize derivations, generate parse trees & compute First/Follow sets. <https://cfg-studio.netlify.app/>

Task Scheduler Visualizer

- React.js, Tailwind CSS | Real-time OS scheduling visualizer — supports FCFS & other algorithms with Gantt chart & process execution stats. <https://process-visualizer.netlify.app/>

B-Tree Visualizer Pro

- React.js, JavaScript | Interactive B-Tree visualizer with animated insert/delete, pseudocode display & step-by-step operation details. <https://btree-visualizer.netlify.app/>

CODING PROFILE

Code360 (Coding Ninjas)

Present

- 95 DSA problems solved (70E / 21M / 4H) | 6 Master + 6 Specialist + 13 Achiever badges | 602 submissions | Max streak: 41 days
<https://www.naukri.com/code360/profile/6400d92c-a88f-4fdc-a831-7013a7da700e>

LeetCode

Present

- 62 problems solved (38Easy / 21Medium / 3Hard) | 182 submissions | Max streak: 29
